## Who We Are

Founded in 2007, Families Against Narcotics is a grass roots organization based in Macomb County, Michigan. Since that first town hall meeting, FAN has held monthly meetings in that same church basement. A safe place where people can face and learn about addiction from others who have had similar experiences. Hundreds have walked through those doors over the past few years, including families affected by addiction; concerned citizens; law enforcement; judges; health care professionals; leaders in education, business, and religion; and recovering addicts.

We work tirelessly, educating young adults, parents, school personnel, law enforcement, judges, and most of all doctors and other health care professionals of the dangers of prescription drug abuse, especially painkillers. FAN offers over 34 monthly support meetings across the state and we currently have 22 chapters in Michigan and we launched our first out of state chapter in Madison North Carolina in the fall of 2017.

## Washtenaw County (from their website):

The Washtenaw chapter therefore is committed to the FAN mission and vision and as such they strive for those goals which propel the mission forward:

- To encompass change in the perception and treatment of addiction and to be an advocate for change throughout society.
- Through Real People Sharing Real Stories and factual data, we reduce the stigma attached to addiction and create an open forum for families and professionals to receive valuable insight.
- We educate to raise awareness and save lives by partnering with insurance companies, medical professionals, legislators, the legal community, public safety, schools, families and friends, facilitating change in the way addiction is viewed and treated.

FAN is making a difference one step and one life at a time.

**Pittsfield Twp. D.P.S. has joined the “Law Enforcement” notification system of Nextdoor. If your subdivision has created an account please sign up for the alerts / notices.**
