Office of the Supervisor

May 9, 2016

Dear resident:

As you may recall, we hosted a public forum on April 11th at Carpenter School to update you regarding the issues/concerns you had raised last fall. As part of the update, we provided information on two proposals from DTE Energy to install street lighting in your neighborhood. The first proposal provides for street lights throughout the neighborhood while the second limits street light installation at the intersections (see attached).

At the April public forum, your input had been to request a separate meeting that was conducted by DTE to present these two proposals in greater detail before giving the township direction on if/when/how you would like to proceed.

As such, I am writing to request your presence at a public forum to be held at Carpenter Elementary School (4250 Central Blvd., Ann Arbor, MI 48108) on **May 24th at 6:30 pm.**

DTE Energy will make a short presentation on the two street lighting options, with the majority of the meeting dedicated to answering any questions you have on street lighting in your neighborhood. If you are unable to attend the meeting, please feel free to contact me with your input/feedback at: grewalm@pittsfield-mi.gov; 734.822.3135.

Thank you, in advance, for your time and partnership with Pittsfield as we work toward continually improving the quality of life for all in Pittsfield Township.

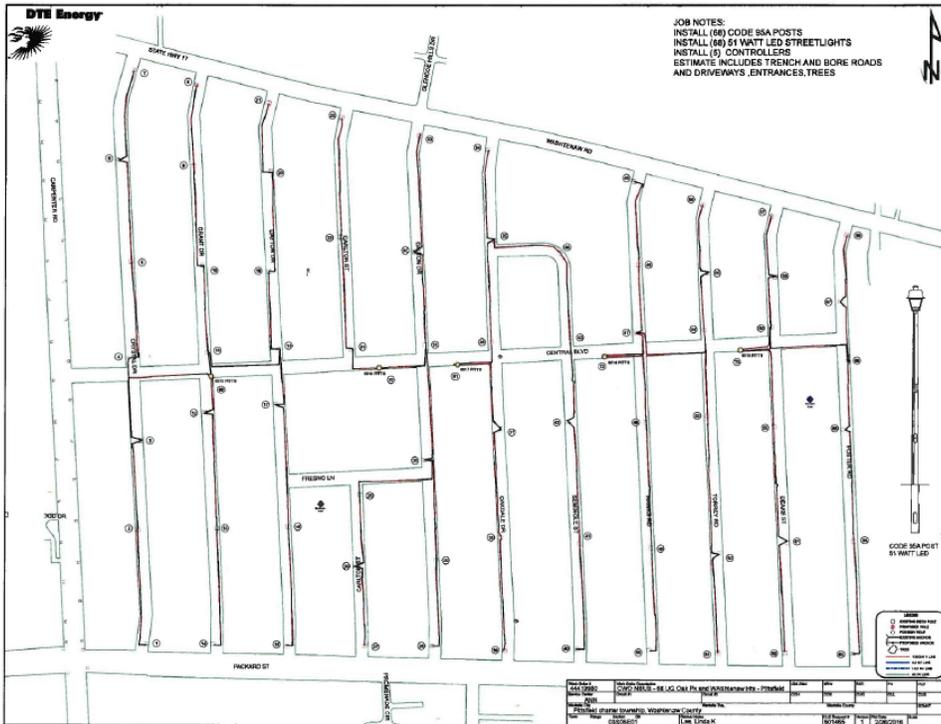

Best regards,

A handwritten signature in blue ink, appearing to read "Mandy Grewal", is written over a horizontal line.

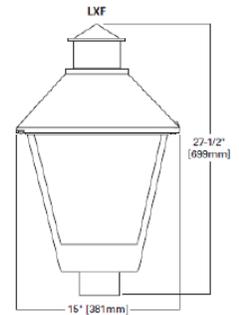

Mandy Grewal, Ph.D.
Supervisor

Attachment: DTE Energy proposals
