Weekly Public Safety Activity Summary

COMMUNITY EVENTS/INFORMATION
January 8th-14th, 2012

Data Breach notice Zappo's Online Shoe retail outlet: The Amazon-owned online shoe retailer Zappos is in the process of notifying 24 million customers that hackers may have gained access to their personal information from online accounts at zappos.com. Customers' names, email addresses, billing and shipping addresses, phone numbers, the last four digits of their credit card numbers, and their scrambled passwords may have been illegally accessed by hackers. For more details on what to do for victims click on the following image:

For general questions, please email the Department of Public Safety at: publicsafety@pittsfield-mi.gov

swensonc@pittsfield-mi.gov

Significant Criminal Events:

Home Invasion Prevention tips: Residents are encouraged to secure their homes, garages, and sheds at all times. Criminals look for “crimes of opportunity” when doors, windows and garages are left open or unattended. For more details information on home security tips click on the image below.

Tax Scams 2012:

The Internal Revenue Service receives thousands of reports each year from taxpayers who receive suspicious emails, phone calls, faxes or notices claiming to be from the IRS. Many of these scams fraudulently use the IRS name or logo as a lure to make the communication appear more authentic and enticing. The goal of these scams – known as phishing – is to trick you into revealing your personal and financial information. The scammers can then use your information – like your Social Security number, bank account or credit card numbers – to commit identity theft or steal your money. To obtain more details click on the image below.

Nixle text and email alerts: Residents, business owners and managers have access to the free text and email alerts. To sign up click the image below.
