Attn. Mr. Craig Lyon
Director of Utilities and Municipal Services
Pittsfield Charter Township
6201 W. Michigan Ave.
Ann Arbor, Michigan 48109

Dear Mr. Lyon:

Bacteriological, chemical and radiological samples are collected throughout the Great Lakes Water Authority service area on an ongoing basis. These samples are tested in the Great Lakes Water Authority Water certified drinking water laboratories or outside certified drinking water laboratories and meet the regulations for safe drinking water as mandated by the Michigan Department of Environmental Quality and the U.S. Environmental Protection Agency.

The Great Lakes Water Authority will notify you immediately if there is ever any reason for concern about your water. Should you have any additional questions please contact Mary Lynn Semegen, Water Quality Manager at 313 926-8102.

Sincerely,

A handwritten signature in cursive script that reads "Mary Lynn Semegen".

Mary Lynn Semegen
Water Quality Manager
Great Lakes Water Authority
