Connecting Communities Program

Notice of Award

Dear Ms. Grewal:

We are pleased to announce that the Pittsfield Township application was selected by the Washtenaw County Parks & Recreation Commission (WCPARC) to receive funding through the Connecting Communities program. The Commission awarded \$100,000 for the project at their meeting on March 11, 2014 and also authorized a renewal of your \$150,000 award from 2013. The awards may be used as part of the local match for a federal Transportation Alternatives Program (TAP) application being submitted by the Township. WCPARC identified your proposed trail project along Textile Road as a significant public improvement that satisfies the criteria and intent of the Connecting Communities program. In addition it serves as an important link in the County non-motorized trail system.

The money will be awarded to Pittsfield Township at the time that the Township enters into a contract to construct the project and provides copies of pay applications for construction services. Connecting Communities funding can only be used for project construction costs and the commitment will expire if a contract for construction is not executed within 2-years of the approval date (expires 3/11/16). Any significant changes to the project scope must obtain prior approval by WCPARC in order to maintain funding eligibility.

A Connecting Communities Project Agreement form will follow this letter for signature by the Township. The agreement will further outline the responsibilities and commitment of the Township and the County. We look forward to working with you on this exciting trail project.

Please contact me at (734) 971-6337 ext. 326 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Coy Vaughn".

Coy Vaughn, Deputy Director
Washtenaw County Parks & Recreation Commission
